2. Plaintiff Benefil Worldwide Oy is a foreign corporation having a place of business in Finland.
3. On information and belief, Applied is a North Carolina corporation having its principal place of business in Mt. Airy, North Carolina.

Jurisdiction and Venue

4. This action arises under the patent statutes of the United States, 35 U.S.C. § 271 et seq. Accordingly, the Court has federal question jurisdiction over this matter under 28 U.S.C. §§ 1331 and 1338(a).

5. Applied conducts business and has committed acts of infringement in this district. Accordingly, the Court has personal jurisdiction over Applied.

6. Venue is properly within this district in accordance with 28 U.S.C. § 1391(b) and (c) and § 1400(b).

Background

The Urettek Patent

7. On October 21, 2003, United States Patent No. 6,634,831 (“the ‘831 Patent”) was duly and legally issued for an invention in a Method for Increasing the Bearing Capacity of Foundation Soils for Built Structures. A copy of the ‘831 Patent is attached as Exhibit A and incorporated herein.

8. Benefil Worldwide Oy owns the ‘831 Patent by assignment.

9. Urettek USA, Inc. holds an exclusive license from Benefil Worldwide Oy under the ‘831 Patent.

Applied Infringes the ‘831 Patent

10. On information and belief, Applied is a contractor involved in the repair and maintenance of roadways for various state and municipal agencies.

11. Uretek USA, Inc. and Applied previously engaged in litigation regarding the '831 Patent. The case settled in 2007 with Applied consenting to a judgment of the validity of the '831 Patent.

12. On information and belief, Applied has contracted with the Department of Transportation for the Commonwealth of Virginia ("VDOT") to stabilize and lift pavement on I-644 in this District.

13. On information and belief, in performing the VDOT contract for I-664, Applied has stabilized the roadway by injecting an expandable polyurethane material deep into the foundation soil while monitoring at the surface. On information and belief, the methods performed by Applied are covered by at least claims 1 and 20-22 of the '831 Patent.

14. Plaintiff Uretek USA, Inc. notified Applied concerning its infringement with respect to the VDOT contract, but Applied elected to infringe with reckless disregard for Plaintiffs' patent rights.

Count 1: Patent Infringement

15. On information and belief, Applied infringes claims in the '831 Patent by directly performing or actively inducing others to perform the methods to increase the bearing capacity of foundation soils of various structures.

16. On information and belief, Applied will continue to infringe the claims in the '831 Patent unless enjoined by this Court.

17. Plaintiffs have been damaged and will continue to be damaged by Applied's infringing acts.

18. Applied was actually aware of the '831 Patent and willfully committed acts of infringement.

Jury Demand

19. Plaintiffs demand a trial by jury on all issues.

Prayer for Relief

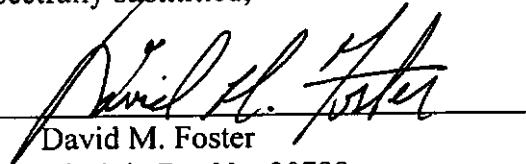

WHEREFORE, Plaintiffs pray the Court to:

- (a) grant a permanent injunction against Applied's continued infringement;
- (b) award damages of not less than a reasonable royalty;

- (e) find that this case is an exceptional case under 35 U.S.C. § 285 and award attorneys' fees;
- (f) award costs; and
